

FREE PANEL DISCUSSION

Breast cancer & sexuality

Intimacy and sexuality concerns are common for women and their partners during and after breast cancer treatment. In fact, about 70% of women treated for breast cancer experience sexual difficulties such as loss of desire or reduced sexual activity.

Please join us for a panel discussion on relationships, body image, intimacy and side effects from treatments.

Panel **Christine Hansen, MD**, gynecologist
Boulder Women's Clinic
Lori Jensen, MD, oncologist
Rocky Mountain Cancer Centers
Tara Galeano, MA, LPC, licensed professional counselor and AASECT-certified sex therapist
Jenni Skyler, PhD, MEd, board-certified sexologist and sex therapist

When Thursday, July 12, from 6:30 to 8 p.m.

Where Boulder Community Foothills Hospital
(Leo Hill conference room)

RSVP **Reservations required.**
