Relieving rheumatoid arthritis pain

When Monday, Sept. 11, from 7 to 8 p.m.

Where Boulder Jewish Community Center, 6007 Oreg Ave.

Joint-destroying rheumatoid arthritis can completely change your life. The pain, swelling and stiffness can make even simple activities, such as turning a door knob, difficult or even impossible. Left untreated, rheumatoid arthritis can lead to joint damage, deformities and disabilities. Luckily, effective treatments are available.

Our speaker is Dr. Stuart Weisman, who is an expert in treating rheumatoid arthritis. He'll discuss the diagnosis and management of rheumatoid arthritis, including lifestyle changes and medications.
