FREE HEALTH LECTURE

Innovative treatments for painful hips and knees

When Wednesday, March 20, from 6:30 to 8 p.m.

Where Longmont Museum, located at 400 Quail Rd.

Is the terrible pain of wear-and-tear arthritis, or degenerative arthritis, putting a damper on your active lifestyle? You may have more options than you realize for relieving your discomfort.

Come hear Dr. Brian Blackwood, Boulder and Longmont's only fellowship-trained hip and knee replacement specialist and a recognized expert in robotic-arm assisted joint replacement. He'll describe the newest approaches for relieving the pain of degenerative arthritis, from non-surgical treatments to the latest surgical options such as advanced Mako robotic-arm assisted surgery.

RESERVATIONS REQUIRED:
