FREE HEALTH LECTURE

Preventing & Treating Diabetes-Related Blindness

When Thursday, Aug. 8, from 7 to 8 p.m.

Where Boulder Jewish Community Center, 6007 Oreg Avenue

EARLY DIAGNOSIS IS KEY.

Diabetes is a leading cause of impaired vision and blindness. Unfortunately, diabetes-related eye disease, even in its late stages, can often have no symptoms, making early detection and timely treatment crucial to preventing vision loss.

Come hear board-certified retinal specialist Dr. Geeta Lalwani describe eye problems that can develop from diabetes and how to lower your risk. She will then review the latest treatments for reducing or halting vision loss.

RESERVATIONS REQUIRED:
